

GUIDELINES FOR THE REMOVAL OF PERSISTENTLY NON-COMPLIANT BENEFICIARIES IN THE PANTAWID PAMILYANG PILIPINO PROGRAM**I. RATIONALE**

The Pantawid Pamilyang Pilipino Program (4Ps) is the national poverty reduction strategy and a human capital program that provide cash subsidies to 4.4 million poor households to help break their intergenerational cycle of poverty by improving the education, health, and nutrition of their children and of pregnant women. Based on the household's compliance with set program conditions, the program provides cash grants to the households without promoting mendicancy.

With the help of key partner agencies such as the Department of Education, Department of Health and other stakeholders such as lawmakers, development partners, civil society organizations, field implementers, National Advisory Council (NAC) members, among others, the program reached its 10th year of implementation in 2018. Strong partnerships have enabled the program in achieving one of its human development goals of investing in the future of children and keeping them healthy and in school as evidenced after the conducted first two (2) waves of 4Ps impact evaluation (IE) studies.

To leverage on the program gains and to continuously provide efficient and effective social services to the DSWD's partner beneficiaries who belong to the most vulnerable sectors, President Duterte signed into law Republic Act 11310 otherwise known as the 4Ps Act on April 17, 2020. With this, 4Ps has been institutionalized, making it a regular program included for funding in the annual appropriations of the Department. The corresponding Implementing Rules and Regulations (IRR) were approved on December 10, 2019.

The law dictates that the partner beneficiaries will be covered by the program for a maximum period of seven (7) years provided that within this period they are still poor, eligible and willing to comply with the program conditions. The law also mandates the DSWD to formulate guidelines for the removal of non-compliant beneficiaries.

As members of the program, the partner beneficiaries are fully oriented and aware of their co-responsibilities and the consequences of their willful non-compliance to program conditions as manifested in their signed Panunumpa/ Oath of Commitment, which signifies their duty to comply with the conditions. When members of the program do not comply with all of the program conditions, they do not receive the cash transfers. Program implementers help them resolve the barriers impairing them from complying. The members' persistent failure to comply with ALL of the program conditions, resulting to non-receipt of cash transfers despite the efforts of the concerned program implementers to help them resolve the barriers impairing them from complying, may be taken to mean that the

households are either no longer interested in the program, or are willfully not complying with their commitment to the program.

The program reserves the right to remove persistently non-compliant beneficiaries to ensure that government human capital investments are protected by investing in current and newly qualified beneficiaries who are willing and committed to partner with the government to improve the lives of their families and children.

It is in this light that these guidelines are developed for all the concerned stakeholders.

The Local Social Welfare and Development Officer

(LSWDO) shall be constantly informed by the case manager on the status and progress of the household-beneficiaries.

1. Zero-compliance with ALL Program Conditions

Upon the continuous failure of the qualified household-beneficiary to comply with ALL conditions of the program (zero-compliance) for one whole pay period (two (2) monitoring months) based on the monitoring and validation by the case manager, the following actions shall be undertaken:

a. Notification of Failure to Comply

- ii. The Case Manager must ensure that the qualified household-beneficiary is properly informed of the succeeding provisions specified in these guidelines and the grantee sign the acknowledgement receipt. The notice shall remain with the grantee, while the case manager shall take the acknowledgement receipt.

The one (1) year evaluation period shall start after the household-beneficiary receives the notification of failure to comply. During this period, the case manager shall conduct case management. Should the qualified household-beneficiary comply with any of the program conditions during this period, they shall continue to receive the corresponding conditional cash grants.

After four consecutive (4) months of non-compliance to all the conditions (zero-compliance), the household-beneficiary shall be subject to intensive case management for the purpose of identifying and resolving barriers in complying with the program conditions and enabling them to comply again.

After six (6) months from the start of the evaluation period, the case manager shall conduct an evaluation checkpoint, reviewing the Household Intervention Plan (HIP), Social Case Study Reports (SCSR) or Case Assessment Reports (CAR), progress reports, and PPIS compliance data of the household-beneficiary and issue either one of the following:

 - vi. The approved recommendation shall be returned to the case manager through the POO.
- b. **Retention of Household** – If the approved decision is to retain the household-beneficiary, the following shall be observed:
